

SUMMARY STATEMENT

Unifund v. Lowe, Docket No. 42876-2015

The Idaho Supreme Court affirmed the judgment of the district court. This is an appeal out of Fremont County from a judgment for the balance owing on two credit card accounts, based upon the district court's holding that this action was filed within the five-year statute of limitations of Idaho Code section 5-216 because the cardholder agreements were written contracts. We affirm the judgment of the district court.
